

Beware Mr. Officer, Tread Carefully

Chapter 26 To 30

Chapter 26: Is He Your Comrade?

As the main character, Qiao Bo had a lot of scenes with the main female character. Everyone felt that he was strange for discussing scenes with a supporting role instead.

Especially the main actress that was sitting close by.

The main actress was currently one of the most famous faces in the industry.

When she saw this scene, her expression twisted visibly. Wasn't it equivalent to smacking her in the face?

In this complicated industry, there were lots of unspoken rules and cues. Jian Qi wouldn't be ignorant of this after being in the scene for so many years!

What she was doing now was offending her on purpose!

Ren Ranran saw all this and smirked, calling her manager and whispering to her.

The manager nodded and left.

Ren Ranran's gaze fell onto Jian Qi again.

Jian Qi, let's see how long you can last!

Qiao Bo didn't discuss with Jian Qi for long. He had more scenes to shoot after all.

After Qiao Bo left, Coco fixed a perplexed gaze upon Jian Qi. "Something's different about you."

"Did I become prettier?"

Coco stared at her and asked, "Do you not like Qiao Bo anymore?"

Seeing Coco's questioning gaze, Jian Qi only smiled. "I like anyone as long as they're handsome!"

Coco immediately put on a stern expression and accused, "So you do like that assistant!"

Jian Qi smirked before looking at Coco with a meaningful gaze. "I like you...:"

Coco was stunned once again.

Seeing this, Jian Qi smiled and got up from the chair, throwing the script to Coco. "I'm going to the ladies' room!"

As she left, Coco finally returned to his senses and clasped his hands over his chest, cursing internally.

His heartbeat sped up just now!

This little lady teased him!

But still, he couldn't help the smile that made its way onto his face.

What a brat.

Jian Qi made her way over to the makeup room and saw Tang Jinyu speaking with another man. Tang Jinyu's back was turned away from Jian Qi, so she could only see the face of the man he was talking to.

The man looked a little shaggy, and his clothes were dirty and grimy like he hadn't changed in days. He looked like another average crew member.

When Jian Qi noticed them, the man immediately noticed her as well.

Whether it was out of sheer coincidence or due to caution, it was hard to say.

The man said something, and Tang Jinyu turned over to Jian Qi's direction.

Seeing her, he couldn't help but frown.

As if seeing her was already a great pain.

Jian Qi leaned on a nearby seat, crossing her arms before her chest and asking, "What's the situation here, Little Tang Tang?"

The way she addressed him made the other man looked at her with an alarmed gaze. Then, as he looked at Tang Jinyu's expression that had become dark as night, he thought that it would be best to leave the scene while he could.

"I'll go first," the man said and left quickly.

Tang Jinyu walked over to her and commanded with a warning tone, "Don't ignore what I said earlier!"

"Little Tang Tang, is he your comrade?"

She had just finished her sentence before Tang Jinyu pulled her away to another spot.

It was an abandoned room that was dimly lit and as soon as they entered the room, he cornered him again.

Tang Jinyu was seething with a cold fury as he looked at her.

"Did you think that I was kidding with you?"

Chapter 27: What a Special Hobby You Have

Jian Qi quirked an eyebrow, ignoring the threat and smiled. "So he is your comrade!"

"Jian Qi, I'm warning you now! Don't come near me, and act like you don't know me, unless..."

"Unless what?" Jian Qi blinked and giggled mischievously.

"Unless you want me to ban you from the industry!" Tang Jinyu's voice deepened considerably, trying to put pressure on her.

He thought Jian Qi would be scared, but she only smiled happily. "Oho, you have so much influence? It seems that you aren't just a regular soldier. What's your position in the army?"

“Do you think that I’m joking?”

Tang Jinyu found that this woman wasn’t easily swayed!

Desperate times called for drastic measures.

“Jian Qi, you’re going to regret this!”

Jian Qi smiled. The word ‘regret’ didn’t exist in her dictionary!

Their gazes met, one cold and deep, the other seductive and alluring.

This exchange of gazes only lasted for moments before it was interrupted by a sudden clutter of noises.

“Hey, not outside...” The weak voice was filled with notes of lust.

That was a familiar voice...wasn’t it Ren Ranran?

Right before the door was opened, Tang Jinyu pulled Jian Qi away to a corner and hid them both behind an old cabinet.

The room was dimly lit and worn down, so the pair that came in after them only scanned it cursorily before closing the door. What came after were the gasps of a woman and the panting sounds of a man that sounded quite impatient.

“Take it slow, don’t rip my clothes! I have a scene later!” the woman whined softly.

The man laughed softly. “Are you sure you’re going to have the energy to act later?”

“Then what should I do? I can’t be absent, or else people will say that I’m a diva!” the woman continued, the tone of her voice not matching her words.

“I’ll vouch for you myself! What can they say to that?”

“Don’t be like this. If you tell anyone of our relationship I won’t be able to continue being in this industry...”

“Not this again...” the man dismissed.

Jian Qi turned her head towards Tang Jinyu, smiling perversely as she did.

He frowned in disapproval. This woman had no sense of shame!

As if she knew what he was thinking, she waved for him to come closer.

Tang Jinyu, of course, ignored her.

At the same time, some sounds that had to be censored started coming from the other side of the room, along with the low curses of a man.

Tang Jinyu only wanted them to hurry up so that they could leave!

Jian Qi forcefully pulled him over and whispered, "So when you said that you wanted me to regret, were you talking about watching people have sex?"

Tang Jinyu only squinted at her in disgust.

"What a special hobby you have..." she commented.

Seeing Tang Jinyu's expression that was as dark as night, her smile grew even wider as she took out her phone and pulled up the camera, aiming it towards the couple.

Tang Jinyu quickly pulled her back. "What do you think you're doing?"

"Are you blind? I'm going to record them!"

Tang Jinyu was offended. "And violate their privacy?"

Jian Qi only scoffed.

"Are you saying that we aren't already violating their privacy by watching this live show?"

Chapter 28: You Actually Like Me, Don't You?

Tang Jinyu paused for a second to think this question over, and Jian Qi took the chance to direct the camera towards the couple. She had only recorded one second before her arm was pulled back by him, so the recorded video was blurry.

“We were forced to hide here so it couldn’t be helped, but by recording, you are violating their privacy on purpose!” Tang Jinyu warned.

Jian Qi smiled and decided to record their voices instead.

She opened the recorder and placed it to one side discreetly.

Tang Jinyu noticed her little movements and commanded her, “Close it!”

Jian Qi couldn’t help but roll her eyes. Did he have to be so stubborn?

Checking the time recorded, she thought that it was enough. These sounds were painful to hear anyway!

Jian Qi locked her phone, while Tang Jinyu furrowed his brows. “Delete it!”

“...Okay, I’ll delete it!” She then deleted it and showed him so.

For her, it was a piece of cake to recover the audio!

It was only natural for her to have the skillset to do so as a spy!

“Aren’t I good?” Jian Qi winked and smiled innocently, but her mature makeup made her look mischievous!

Tang Jinyu only huffed and ignored her.

As the sex sounds continued, Jian Qi peeked over the cabinet again, only to be pulled back by Tang Jinyu again.

Looking at his dark expression, she explained, “I’m not going to record!”

“What are you doing?”

“Of course I’m not going to miss out on this live show. I think you should learn some things from them! You have no experience, after all. Your partner is going to look down on you!”

Jian Qi advised him with a concerned look, even starting to pat his shoulder comfortingly.

“Stop it!” Tang Jinyu warned again as he pressed Jian Qi’s shoulder and pinned her waist down, making the small space seem even more cramped.

To prevent Jian Qi from continuing to move, he didn’t notice that this action of his was somewhat inappropriate.

Jian Qi quirked an eyebrow in interest. This man was taking advantage of her!

That being said, Jian Qi knew that this man definitely had no dirty thoughts about her whatsoever. After all, he otherwise wouldn’t discuss this problem with her seriously and persuade her not to record upon being met with this scene!

“Is it a custom for your unit to hold and touch women like this?” Jian Qi smirked and fixed him with a teasing gaze, the action giving her an even more wicked aura.

Just like a little witch!

Tang Jinyu finally reacted and retracted his hand that was on her hips. He pressed her down by her shoulders instead.

Jian Qi was astounded.

“You like me, don’t you?”

Jian Qi smiled wickedly. “So you’ve hidden me here on purpose! If you didn’t, you could’ve faced them head-on! But you’ve chosen to hide us here and listen to them have sex while you get all touchy with me...”

Tang Jinyu inhaled deeply. If it wasn’t because of the couple near the entrance, he would have thrown her out!

“You’re delusional!” he said with a dark expression.

Jian Qi supported her head with an arm as she looked at him. “I’m so beautiful that everyone who sees me likes me, and even flowers bloom when I walk by. If you don’t like me, are you gay?”

Tang Jinyu was dumbstruck.

He wanted to slap her so badly!

Chapter 29

Jian Qi sighed wistfully and reached over to pat his shoulder again, saying teasingly, "Let's call each other sisters from now on. I am only a third rate artist, but I've got your back in the industry!"

"Get out!" Tang Jinyu gritted his teeth in anger.

Hearing this, Jian Qi smiled proudly and said, "If you don't like that, it means that you do like me!"

Tang Jinyu chose to be silent, but because he was quiet, it only served to amplify the sounds made by the loving couple.

He furrowed his brow.

He finally understood why his old man prohibited his little sister from dating someone in the entertainment industry!

What a lewd industry!

Looking at Jian Qi, he huffed internally. This woman was probably an exception in this industry, and not in a good way.

Jian Qi winked naughtily at him.

Twenty minutes later, the voices at the entrance finally stopped along with a heavy grunt from the man.

Jian Qi turned her head over and asked, "Is twenty minutes normal for a man?"

Tang Jinyu only glared at her, the bloodlust almost visible.

"I forgot, you'd probably not know. You're a virgin, after all."

Tang Jinyu ignored her as the couple quickly put their clothes back on. The man was still somewhat unsatisfied, but Ren Ranran replied daintily, "Let's continue this tonight, please? I still have another scene to do..."

"I'll let you go this time," said the man as he smacked her bottom. "I'll go first, come find me at night."

“Alright, now go!” Ren Ranran pushed him out.

After the man left, Ren Ranran adjusted her clothes and hair one more time before peeking out of the door and leaving too.

Jian Qi and Tang Jinyu stood up after they both left.

“I should have to wash my ears...”

“I think you were quite interested!” Tang Jinyu mocked her.

Jian Qi looked at him teasingly, her gaze bright. “So you were staring at me the whole time? And you said you didn’t like me...”

Tang Jinyu only huffed coldly. “Don’t get started with that nonsense again. After we go out, we don’t know each other!”

“You want a secret relationship?” Jian Qi’s mouth was agape. “I never knew you were that sort of man!”

“I’m warning you for the last time. Don’t come near me!”

His cold voice was heavily laced with a threat, his aura strong and overbearing.

Then he ignored any comeback she would have come up with and quickly left.

Jian Qi looked at his silhouette and smirked. This aura seemed to be standard for this man.

This man seemed to always be in a high position or was at least a commander that was good at strategizing and tactics.

He wasn’t bluffing at all when he said he could ban her from the industry!

He could probably do it without batting an eye.

Heh, how interesting. She was already looking forward to beating him up when they met in the army!

Jian Qi returned to the site, and Coco came up to her like a worried mother hen. "What took you so long?"

"I went to see a live show."

"What live show?"

Jian Qi didn't reply, her gaze attracted to Ren Ranran, who was talking about something with a man. It looked like a normal conversation, but Jian Qi noticed how the man touched her hand fleetingly as he gave her her bottle.

"What are you looking at?" Coco couldn't help but follow her gaze upon seeing Jian Qi's meaningful smile.

"Why are you looking at her again? Did she piss you off again?"

"Who is that man beside her?"

Chapter 30: Jian Qi, Get Ready to Be Crippled!

"He's the producer of this drama! Why do you ask?"

"Just curious."

At that moment, someone shouted for the producer, and he shouted back: "I'm coming!"

This voice!

So she wasn't mistaken!

As the producer left, Ren Ranran and Jian Qi's gazes met again, and she gave Jian Qi a scornful look. It was as if she were at the top of the world.

Coco shook his head. "She's let the fame get to her head. She probably doesn't remember what she was like anymore!"

Jian Qi only nodded in response. After all, how many people in the industry could boast to still be true to themselves?

Jian Qi originally had two scenes scheduled for the afternoon, but they were somehow pushed back to later in the day. Jian Qi fell asleep on her seat, and

even though Coco wanted to accompany her, he never expected the delay to be so long.

He had two other artists under his management, and one of them required his presence and needed him to be there to negotiate.

“Go on! I’ll get back to the hotel by myself later!”

“Don’t stand out too much and don’t fight with Ren Ranran. If she says anything, think of it like a fart! Most importantly, don’t drool after any more men while I’m gone!” Coco couldn’t help but nag, not wanting her to get into any more trouble now that her personality had changed so much.

“I know, don’t worry!” Jian Qi waved dismissively, letting him leave.

Coco left behind an assistant so that they could contact him if there were any trouble. Seeing them leave, Jian Qi took out a blanket and covered herself.

Ren Ranran, who saw that Coco had left, smirked and sent a message on her phone.

“Alright, let’s go onto the next scene!” the director directed.

After all the lights and cameras were set up well, the director spoke using a megaphone while Jian Qi came onto the set.

This was the second time Jian Qi’s character was meeting with the protagonist at the Divine Beauty Club. Qiao Bo’s character was in trouble, and Lady Kao fought with the people who were chasing him down and sent him safely to the female lead.

This scene was significantly focused on fighting.

This afternoon, the martial arts director only gave her some advice because he had more people to teach.

The supporting actors in this scene were all martial artists, so Jian Qi didn’t have to do much but allow the others to fall accordingly with her faux movements. It didn’t matter if she hit them; it would only serve to make the scene more realistic.

Jian Qi nodded. She thought that she should hold back in the scene later.

After all, it was only acting!

The Divine Beauty Club was still in such a hustle and bustle as always, and at this moment, Qiao Bo, who was wearing his black suit, stumbled in as he held onto his wound.

Jian Qi, who was making her way through the crowd, saw this and her eyes flashed with surprise and later worry as she saw his condition. She quickly greeted her quests and made her way towards Qiao Bo.

Qiao Bo pushed her away, his gaze filled with caution and malice. "Don't touch me."

Jian Qi smiled seductively. "Sir, I think you might be drunk. Let's go to the second floor to rest, shall we?"

Then, she leaned closer and let some of her worry show. "Follow me, please."

Qiao Bo didn't refuse, still deciding whether the woman in front of him was friend or foe.

And without him noticing, they had already made their way to the second floor.

She pushed her gently and said warmly, "Stay here. They'll be gone before you know it."

Jian Qi left and entered the neighboring room, taking out a black costume from the closet and changing her clothes quickly as if she had trained for it for an extended period of time. The entire process only took around ten seconds!

Everyone on the set was also shocked by her speed.

Opening the door, the bunch of grunts had already made it to the bottom of the stairs.

These were stunt doubles and martial artists that all had basic martial art ability!

Seeing this scene, Ren Ranran couldn't help the excited smile that made it onto her face.

Jian Qi, get ready to be crippled!
